ABOUT DJ

If you want the house to jump and keep the crowd comin' back for more, Preach is who you want—but don't feel bad if you aren't familiar with his work because he is known globally by those you want in your establishment! When the crowd hears the voice of the world renown ratings juggernaut, brand innovator, former signature voice of BET, **Chicago's 104.3 Jams (WBMX)** and the voice of ESPN Sports Center, **RICK PARTY** say, "*Preach Is Diggin' In Them Crates*" and he touches the tables, radio station telephones ring off the hook and dance floors catch FYA! No matter what the music, 70's -80's, EDM, Hip Hop, House, Techno, RNB, Latin, ETC., people don't stand and watch him, but get on the dance floor and turn it up and his sound is never the repetitive. Preach is also a friend and relative to many "A: list celebrities and athletes, to whom support him with appearances often. Even without the use of social media, he's still powerfully in full effect with loyal fans around the world.
